January to May, 2015 Visiting the board of education of Niigata city  
January to May, Giving the event information and presentation to Niigata City Morokawa Junior High School, Niigata City Yamagata Junior High School, Niigata City Sonogi Junior High School, Niigata City Yamanoshita Junior High School, Niigata 1st Junior High School, and Niigata City Yokeetsu Junior High School.  
April 13 to November 30, 2015 Holding  
December, 2015 Report

Recommendations : We achieve **the student participants goal**, but did not achieve the school participants goal.  
The reason why the latter goal was not achieved, is the mis-scheduling and the changes in teachers.  
So we noticed that **the giving information and presentation to the junior high schools** should be started earlier and that the teachers should be fixed during this program.

## Long-term Impact of the Program

What is the expected long-term impact of this project?

Boys and girls were helped to make their own carriers in the future by the adults in Niigata, While the members as adults, grew up themselves through being responsible for education of the boys ad girls in Niigata, which will lead to the acceleration of the improvement in Niigata.

Our activities were so appreciated by the junior high schools we visited, that we felt that we should continue these things next year.

Markedly, an external organization, named <Lecturers club of Niigata Works>, was established mainly by Niigata city, giving and supporting such activities for the social lecturers.

And also we, Niigata JC, were permitted to put the executive office in the organization, while we help their activities through the recommendation, introduction, and mediation of lecturers.

What changes would you make to improve the results of this project?

The standard program appropriate most to educate boys and girls should be established by the field works in junior high schools **because the current program is free to be constructed by each junior high school.**
